Steven W. Kerber, Fire Chief
Regional Fire-Rescue
7951 W. McCartney Road
Coolidge, Arizona 85228

Dear Chief Kerber:

We are in receipt of your letter of inquiry dated May 28, 1997 regarding subscription fire department status.

The classification of a property as Class 9 or Dwelling Class 8 within 5 miles of a recognized fire station is applicable only to subscribing property owners and is to be verified by an agent and/or insurer in writing a policy.

Enclosed please find an excerpt from the General Rules section of the Public Protection Classification Manual. Please refer to General Rule 6, which states that the published Class is applicable to subscribers only whenever a footnote advising of a subscription fire department appears in the manual for a particular jurisdiction.

Class 10 applies to non-subscribing properties.

Should you have additional questions or concerns, please contact our office.

Sincerely,

Randy J. Surber
Manager
